

# First Grade Supply List 2016-2017

Dear First Grade Families-

Thank you for generously providing the following supplies for your child's first grade school year. Some supply items listed will be for individual use, while others will be shared among the classroom community. Please write your student's name on the items for individual use, but not on the shared items. Supplies can be brought to school any time between the start of school and October 1<sup>st</sup>.

Some of the shared items listed below (**in bold**) are being requested by brand name and/or with specific quantities per package. We ask that when possible, please try to provide items as listed. This provides the best products available for school work and promotes uniformity for shared materials.

We appreciate your cooperation and support and we are looking forward to an amazing year together!

With Thanks,

*Coe's First Grade Team*
